### **KHEDF RECEIVES GRANT FROM COX FOR MAKING THE MOST OF COLLEGE WORKSHOP**

Wichita, Kan—The Kansas Hispanic Education & Development Foundation (KHEDF) was awarded \$3,000 from Cox Communications to fund the Making the Most of College Workshop. Approximately 55 KHEDF scholarship recipients attended the day-long workshop which was held at Butler Community College. Alex Chaparro, Ph.D was the keynote speaker. Workshop sessions were presented by faculty and staff from Butler Community College, Newman University, and Wichita State University.

The Making the Most of College Workshop provides the scholarship recipients with tools and strategies to succeed in college. The students learn time management skills, study skills, and how to utilize campus resources. They also had the opportunity to learn from former scholarship recipients about the struggles and successes they had transitioning from high school to college.

“Youth. Education. Diversity. These have long been tenets of the Cox Communications philanthropic philosophy. There is no better example of the manifestation of these values than the mission of the Kansas Hispanic Education & Development Foundation,” stated Dennis Clary, Kansas Public Relations Senior Manager.

“Providing education opportunities to all youth in our community is paramount. With the Hispanic population the fastest growing in Kansas, an investment in KHEDF is not only the right thing to do, it is essential for the economic prosperity of our region. Cox is honored to fund the Making the Most of College Workshop to ensure college-bound students are prepared to realize their higher education dreams.” stated Mr. Clary.

“We are grateful to Cox Communications and excited to continue our long-standing partnership,” said Yolanda Camarena, Board President. “This partnership further supports our mission to serve Kansas Hispanic students by providing opportunities for education and leadership development.
